H-4-5276/49 dated 21-12-1949.

Sir,

Sub: Agriculture--Agricultural Implements--ploughs improvement--Free supply of ploughs to the I.A.R.I., New Delhi--sanction requested.

The Indian Agricultural Research Institute, New Delhi, as per the suggestions of Sri R.K. Patil, Commissioner of Food Production, Ministry of Agriculture, New Delhi propose to carry out investigations for the improvement of country implements with the objective to determine the possibilities for using the ploughs or implements peculiar to a certain tract in new regions with [illegible] benefitial results by modifying or incorperating good features of one into another. To this end, they first desire to start with the implement most commonly in use, namely the plough and request for the supply of two ploughs free of cost.

This above step will help very greatly the standardisation of implements in use throughout the country and implementation of good features into them to yield beneficial results.

I request that the Government may be pleased to sanction the supply of two ploughs to the I.A.R.I., New Delhi free of cost. The cost of these may not exceed Rs. 50/-
